of 30 Squadron,
30 Servicing Unit,
Piva, Bougainville,
March 1944.

DRAWINGS: Andrzej M. Olejniczak

How to avoid deformation on national insignia on sharp curvatures:

1. Stick ractangle foil on national insignia to link both elements together.
2. Linked foils place on fuselage.
3. After placing unstick ractangle foil, together with internal part of the national insignia.
